2025-10-15

Backed by 11 Years of Rider Feedback, the Reimagined 2026 RZR XP and All-New RZR XP S Usher in a New Era of Performance, Comfort, and Style

2026 RZR Pro R Delivers Heart-Pounding Performance and an All-New Industry Leading 10.4" Display Powered by RIDE COMMAND

RZR Pro S Calavera Edition Celebrates 10th Anniversary of Selling Polaris in Mexico

2026 RANGER XD 1500 NorthStar Lineup Expands with New Texas and Mountaineer Editions

MINNEAPOLIS, MN (Oct. 15, 2025) **Polaris Off Road**, the world leader in powersports and off-road innovation, today announced a second wave of vehicle enhancements for 2026 and limited-and special-edition offerings for its popular RZR and RANGER lineups. The additional 2026 introductions and upgrades are led by the dramatic redesign of the legendary RZR XP and the introduction of an all-new 72" wide RZR XP S – the strongest trail-proven machine to date. In addition, Polaris has added the largest screen area on the market, a 10.4" touchscreen, powered by RIDE COMMAND, to its popular RZR Pro R. Celebrating the 10th Anniversary of selling Polaris in Mexico, a new limited-edition RZR PRO S Calavera edition is unveiled, alongside two special editions for its RANGER XD 1500 NorthStar

lineup with the new Texas and Mountaineer Editions.

The host of upgrades and new vehicle introductions are further examples of Polaris' commitment to delivering purpose-built machines that meet the evolving needs of both recreation enthusiasts and hard-working utility customers. Building on decades of innovation and rider feedback, Polaris has a vehicle designed to elevate rider experience whether customers are chasing adventures or tackling tough jobs.

"The industry is more competitive than ever, and consumers look to Polaris to lead with performance, capability, and style," said Reid Wilson, President of Polaris Off-Road Vehicles. "For 2026, we've elevated our lineup with rider-driven innovation, from the redesigned RZR XP to the expanded RANGER XD 1500 NorthStar offering. Our commitment to continuous innovation is what has fueled Polaris for over 70 years—and it continues to drive us forward today."

Upgrades and introductions for 2026 RZR and RANGER XD 1500 NorthStar vehicles include the following:

RZR XP

Driven by rider feedback over the past 11 years, RZR XP received a dynamic redesign, focused on performance, durability, quality and style, beginning with a new front fascia creating a more-aggressive and menacing front end. The iconic RZR Fang lights, combined with a RZR Pro inspired low-profile bull bumper makes a bold first impression, while its reinforced chassis, with upgraded suspension mounts and full underbody protection, allow it to handle rugged terrain, while enhancing driveline longevity. Geared reverse for increased torque and precise throttle control in tough terrain gives riders confidence, while upgraded shifting provides a faster and smoother gear engagement for a truly premium feel.

The new RZR XP Sport delivers unmatched strength, capability, and comfort, powered by a 114 horsepower ProStar 1000 engine and equipped with shifting improvements, WALKER EVANS Precision Tuned Needle shocks, 20 inches of usable travel and 29-inch tires. The RZR XP Ultimate adds RIDE COMMAND, Rockford Fosgate® Stage 3 Audio,

new RZR Fang lights, a poly roof, 30-inch tires, 20.5 inches of usable travel and a 4,500-pound winch, all designed to elevate every ride. Whether sharing the ride with friends or exploring side-by-side with other vehicles on the trail, the RZR XP is built for moments of adventure together.

RZR XP S

The all-new 72-inch wide RZR XP S Sport stands as Polaris' strongest trail machine to date, designed for riders who crave wide-open terrain capability at a competitive price point. The new model features all of the same structural characteristics, performance and durability upgrades as the RZR XP, and is set apart by a wider 72-inch stance and 25 inches of usable suspension travel. A RZR PRO S-inspired driveline, combined with the aforementioned chassis, suspension and underbody protection of the RZR XP, delivers the ultimate combination of performance and rugged durability. The heavy-duty front and prop shafts, upgraded 8-ball half shafts, and a fully welded rear skid plate demonstrates it's built to endure rigorous conditions. The RZR XP S is engineered to take on the toughest trails with three drive modes, including Standard, Sport and Rock, adapting throttle response specifically to the terrain for the right balance of performance, comfort. The RZR XP S is also equipped with 32-inch Pro Armor Trekker tires common to RZR Pro S, 2.5-inch WALKER EVANS Racing Velocity shocks and 16 inches of ground clearance.

Equipped with **RIDE COMMAND**, Rockford Fosgate® Stage 3 Audio, new RZR Fang accent lighting, a poly sport roof and a 4,500-pound winch, the RZR XP S Ultimate pushes both performance and style to the next level. Both RZR XP S trims will be offered in two colors: Sand Dune and Stealth Gray.

For RZR XP and RZR XP S, Polaris offers more than 60 carryover accessories options, so riders can outfit their vehicles exactly how they want. New additions include a Rockford Fosgate® audio roof that brings a premium, full-content listening experience to the Sport trims, redesigned front bumpers, and a portable fuel can. Every new RZR XP is built to be fully customizable for the trail head.

2026 RZR PRO R

The 2026 RZR PRO R Ultimate comes equipped with the largest display in powersports. Powered by RIDE

COMMAND the NEW 10.4" vertical touchscreen display in the RZR PRO R delivers 52 square inches of usable screen space, giving riders more room to map out terrain and access key features without distraction. Compared to the prior generation, the new display is 2.3 times larger, offers up to eight times faster processing speeds, up to 38 times faster graphic rendering, two times the storage capacity, two times faster boot time, and Bluetooth® pairing for seamless device integration. Its split-screen functionality allows riders to maintain a continuous map view while utilizing other functions on the lower half of the display—helping them navigate and manage their ride with greater ease.

The 2026 RZR PRO R Ultimate continues to lead the way with the widest range of premium performance and durability features for the ultimate high-performance off-road experience. The RZR PRO R effortlessly unleashes 225 horsepower through intense dune and desert terrain, fueled by the ProStar Fury 2.0 naturally aspirated four-cylinder engine. With a 74-inch stance and a 104.5-inch wheelbase for maximum stability, the RZR PRO R Ultimate utilizes MaxLink suspension with 29 inches of usable travel that absorbs whoops, along with a rear toe link to keep the machine grounded and tracking with precise control. Additionally, its new triple rate spring setup and new shock calibration, combined with DYNAMIX DV semi-active suspension, automatically adjusts shocks to the terrain, allowing it to effortlessly conquer the tallest dunes and the toughest wide open desert. Pro Performance True 4WD with driver-selectable modes allows riders to seamlessly adapt traction to changing conditions, optimizing performance throughout the ride.

The RZR PRO R Ultimate will be available in Indy Red, White Crystal, Super Graphite, and Purple Thunder.

RZR PRO S Calavera Edition / Day of The Dead Limited Edition

To celebrate its 10th Anniversary of selling Polaris in Mexico, Polaris is introducing the limited-edition RZR PRO S Calavera Edition, featuring custom graphics inspired by the culture and terrain that helped shape the brand's legacy. Limited to 200 units, this special model is a bold tribute to one of Polaris's most passionate markets.

The RZR Pro S Calavera Edition unleashes a 181 horsepower turbocharged engine, 28" of travel and touts an optimized 74" width and 96" wheelbase that delivers the ultimate balance of stability and agility for high

performance on twisty terrain. Additionally, the DYNAMIX with FOX® 3.0 Live Valve internal bypass shocks adjusts to the terrain, allowing it to conquer diverse terrain. Equipped with RIDE COMMAND and Rockford Fosgate® Stage 4 audio, riders have the confidence to navigate with better visibility and head turning sound. RZR DNA can be found throughout specifically with the orange fang lights taken from the RZR Factory Racing Team.

The 2026 RZR lineup includes:

- RZR PRO R Ultimate – Starting at \$43,999 U.S. MSRP
- RZR PRO S Calavera Edition – Starting at \$40,499 U.S. MSRP
- RZR XP – Starting at \$19,999 U.S. MSRP
- RZR XP S – Starting at \$22,499 U.S. MSRP

The lineup will begin shipping to dealers in October. For additional details on the entire model lineup, visit <https://www.polaris.com/en-us/off-road/rzr/>.

2026 RANGER XD 1500 NorthStar

The Polaris RANGER XD 1500 NorthStar lineup is expanding, reinforcing RANGER's position as the No. 1 selling utility side-by-side. Known for its extreme-duty capabilities, the RANGER XD 1500 NorthStar stands out as the top-tier offering, delivering impressive comfort and durability.

For 2026, Polaris continues to expand its premium RANGER XD 1500 NorthStar lineup with the introduction of the Texas Edition and the Mountaineer Edition. Both editions are tailored to meet the specific needs of customers in key regions and will be available in limited quantities, making them exclusive options for riders.

RANGER CREW XD 1500 NorthStar Texas Edition

Polaris has expanded its Texas collection with the new RANGER CREW XD 1500 NorthStar Texas Edition featuring bold styling and enhanced capabilities, embracing Lone Star pride.

Key features of the Texas Edition include:

- 32" PRO ARMOR Trekker Tires: Providing industry-leading ground clearance of 16", enabling it to handle the rugged Texas terrain with confidence.
- Full-Surround JBL® Trail Pro 4200 Audio: Front and rear speakers with two subwoofers deliver an immersive sound experience for all passengers whether driving to a hunting spot or working around the ranch.
- Exclusive Texas Design: Features a Black Crystal color, tinted windows, plus unique Texas badging and embroidered seats to show off Texas pride.

RANGER XD 1500 NorthStar Mountaineer Edition

RANGER CREW XD 1500 NorthStar Mountaineer Edition

Designed for the backcountry, the Mountaineer Edition is purpose-built with 20% more low-end torque than standard RANGER XD 1500, for smooth uphill climbs and heavy-duty performance at high elevation. The vehicle addresses the need for enhanced performance in mountainous regions to explore the outdoors or for big game hunting.

Key features of the Mountaineer Edition include:

- 3.77 Rear Drive Gear Ratio: In relation to the current XD 1500 that has a 3.07 gear ratio, a 3.77 ratio enhances low-end torque and enables smoother throttle control to climb confidently in high-altitude terrain.
- Tinted Windows: A factory-installed window tint keeps the cab more comfortable when you're riding at elevation.

- Exclusive “Mountaineer Edition” Graphics
- Reduced Top Speed Compared to RANGER XD 1500 NorthStar

The two new special edition models include all the standard vehicle features offered on RANGER XD 1500 NorthStar Ultimate, including:

- Industry-exclusive STEELDRIVE transmission is fully sealed and liquid-cooled for maximum durability and longevity.
- A box capacity up to 1,500-pounds and 3,500-pound towing capacity to maximize productivity by saving time on fewer trips and handling heavier loads, and is ideal for demanding tasks such as big game hunting and large-scale farm and ranch work.
- Enhanced all-day comfort with the most spacious cab in RANGER and convenience of a fully enclosed cab system with HVAC to combat weather conditions.
- Heated front seats, 7” display powered by RIDE COMMAND, JBL® audio and other ride-enhancing features designed to maximize comfort and convenience for an exclusive off-road experience.

With the addition of these exciting new offerings, the complete 2026 RANGER XD 1500 NorthStar lineup includes:

- RANGER XD 1500 NorthStar Premium – Starting at \$40,999 U.S. MSRP
- RANGER CREW XD 1500 NorthStar Premium – Starting at \$44,999 U.S. MSRP
- RANGER XD 1500 NorthStar Ultimate – Starting at \$45,999 U.S. MSRP
- RANGER CREW XD 1500 NorthStar Ultimate – Starting at \$49,999 U.S. MSRP
- RANGER XD 1500 NorthStar Mountaineer Edition – Starting at \$45,999 U.S. MSRP
- RANGER CREW XD 1500 NorthStar Mountaineer Edition – Starting at \$49,999 U.S. MSRP

- RANGER CREW XD 1500 NorthStar Texas Edition – Starting at \$51,999 U.S. MSRP

The RANGER XD 1500 lineup will begin shipping to dealers in November. For additional pricing on the entire model lineup, visit <https://www.polaris.com/en-us/off-road/ranger/>.
